REPORT OF THE FIRE WARDS
1955

The Fire Wards report that the two companies, No. 1 and No. 2, are very well equipped with fire fighting apparatus and implements, giving the Town good protection. Also we have the Meadowood Fire Company which offers great help and protection. Now what we need mostly is a number of water holes at different locations in this Town. It is very difficult for our firemen to battle fires without water. So let's think this matter over and see if we can help this bad situation. In the past year we have lost some buildings on that account.

The Fire Wards wish to thank all members of fire companies for their prompt response and service.

Public be very careful and prevent fires.

The fire companies have responded to calls as follows:

REPORT OF LIBRARIAN

This year the library has been used a great deal, not only to receive the books but for the relaxation in the reading room to sort over the many magazines for source themes or to just read the current issues. Every one has been interested in the new world globe which was recently purchased. It is adjustable and on a heavy, non-tip standard.

Another interesting item is the large terrarium placed on a table in the Librarian's room by Dr. and Mrs. Leon A. Hauseman; beautifully arranged with small hemlocks, mosses, partridge berries.

Thirteen years of the National Geographic magazines have been compiled into subjects and countries and are available in accessible boxes of various colors with an index file and have been a valuable and constructive source to the students in their work.

The following have contributed gifts of books, magazines and money; American Legion Auxiliary, Mr. and Mrs. Johannes Bruhns, Mr. and Mrs. Howard West, Mrs. Ernest L. Bell Jr., Mrs. Roger Conant, Mrs. John Russell, Mrs. Donald Holbrook, Mr. and Mrs. C. H. Goddard, Mr. Fred Nisbet, Miss Marcia Webber, Mrs. Hugh Putnam, Dr. and Mrs. Leon A. Hauseman, Mrs. David Reid, Mr. Breed, Mrs. Bertrand Chase, Mrs. Elmer Rollins.

The bookmobile has been a valuable service the past year.

Two hundred and sixteen volumes have been added to the shelves this year.

An attendance record was kept for a six months period, showing an average of 238 persons per month who visited and took books from the Library.

REPORT OF THE PRINCIPAL

Submitted is my third annual report:

Curriculum

Quite often in education an evaluation of ourselves is in order. We asked ourselves this question many times: How well do our children achieve in their school work? This question concerns the pupils, parents, teachers, and the community. We want to know if our pupils are doing as well as other pupils in the United States.

To find the answer to this problem, each child is given a California Achievement Test each year. This test measures the child's progress in reading, arithmetic, language, spelling, and handwriting. Results of the test indicate that our children are achieving good results in the fundamental skill areas of education. They are progressing at the same rate as other children throughout the country.

This achievement test also indicates to the teachers where we are putting too much and not enough emphasis in the various areas.

A word of caution might be injected here. These tests are not used as a final result, but are used as a guide or indicator to aid us in offering your child the best education that we can afford.

Building Improvements

The new cement sidewalk and plaque make for a vast improvement to our school entrance. Some work should be done on the grounds at the building entrance.

Recently the halls were painted. This gives the interior a brighter appearance and will be much easier to clean. The P.T.A. has painted the cafeteria and has installed new curtains.

What About Future Enrollments?

Next year we will probably have thirty-one graduating eighth-graders. This, I believe, will be the largest graduating class ever in Fitzwilliam. In the building at present, there are three small classes which will be leaving us soon. After that each grade will probably require a single teacher. This leaves us with the problem of what to do with the extra children.

At present, we have 170 pupils in the building. More than 180 pupils constitutes a severe strain on the school. It might be beneficial at some future time to set up a citizens committee to study future pupil enrollments and how best to cope with any situations that may arise from overcrowding.

Student Teachers

At the beginning of this school year our school commenced an active role in the Keene Teachers College Student Teacher Program. In this program, student teachers (Seniors at Keene Teachers College) participate in teaching regular classes under the guidance of a member of the regular school staff.

This program aids the student teacher in that he may apply information gathered at college to actual classroom situations. As a result of this training he becomes a better beginning teacher.

Your school benefits under this program in several ways. Pupils receive more instruction and individual help. Student teachers are also available for limited substitute work at half the rate paid regular substitute teachers.

New Teachers

Miss Seaver, a graduate of Plymouth Teachers College, replaced Mrs. Basto in the second grade. Mrs. Lavine, a Keene Teachers College graduate, replaced Mrs. Harling in grades four and five. Mrs. Cumings replaced Mrs. Fletcher as our Home Economics instructor.

Hiring new teachers is a very definite problem. The demand far exceeds the supply. Other states take a great percentage of graduating seniors at the teachers colleges. Be-

ginning teachers generally refuse to teach combination grades because many single graded positions are open.

The teachers, superintendent, school board, cooks, janitor, nurse, doctor, and bus drivers are gratefully thanked for their co-operation.

Recommendations

The following recommendations are submitted:

1. Increased Shop and Home Economics.
2. Landscaping of the playground area.

LEON LAKIN,

Principal.

REPORT OF SUPERINTENDENT OF SCHOOLS

School board members and administrators have many duties and one of the most important of these is predicting the future from the trends and facts of the present. This is a very necessary duty and responsibility in that it provides the community with an opportunity to study future problems and to prepare for them.

The school population at The George Emerson School continues to grow slowly but steadily. Census figures indicate that local enrollments are following national trends and will continue upward. The school population across the country has increased 67% in the past 5 years with no end in sight.

Increased future enrollment brings several important problems to Fitzwilliam. First, the day is not too far away when an additional classroom will be essential, in fact, it is almost necessary now. The enrollment problem is such that we are finding it necessary next year to break up classes so that different teachers have parts of the same grade. For example, one part of grade 4 will be with grade 5, the other part of grade 4 being with grade 3 and part of grade 5 being with grade 6. This is the only method which can be used when six teachers have eight grades and enrollments are high. It is a make-shift device until an extra teacher and room can be made available.

Another problem which has faced the Fitzwilliam School District for the past few years, is the inadequacy of playground space. While adjacent land is still available, prompt action should be taken to purchase it, both for additional playground requirements and for future building expansion.

The school year 1954-55 saw many Fitzwilliam pupils attending high school at Troy, and taking good advantage of

the new facilities offered there. There are definite advantages to attending a small school, among these are closer teacher attention to pupil needs, opportunity to participate in team sports and other school activities and a guidance program based on personal knowledge of pupils. Attendance at Troy also saves the Fitzwilliam school district and taxpayers a considerable part of high school costs.

The continued interest and activity of the local P.T.A. is a good sign for the welfare of the local school system. Another good sign is seen in improved financial management which seems to have eliminated deficit budgets.

DR. CHARLES L. BOWLBY,
Superintendent.
